Dear colleagues,

On behalf of the Department of Urology we have the pleasure to announce the Course "Minimally Invasive Kidney Surgery". This course will be held at the Santo António Hospital, Oporto, on the 9th and 10th January 2012.

We have organized an eminently practical course on minimally invasive renal surgery, including several techniques (laparoscopic, percutaneous and endourologic surgery) performed by surgeons with vast expertise in the field.

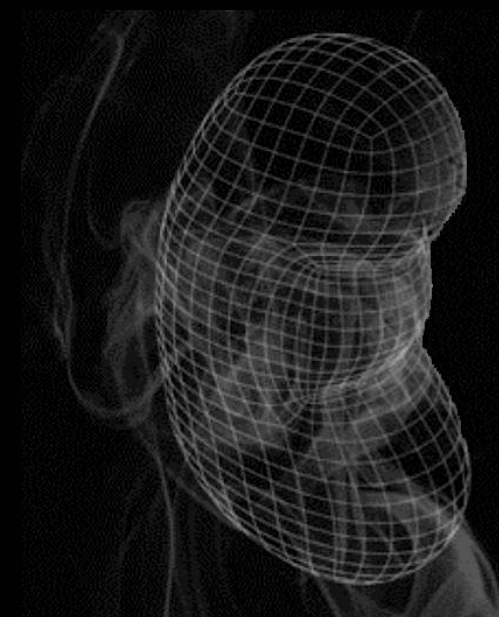

The main goal of this course is the exchange of experiences between departments, with live surgery, state of the art lectures and interactive discussions that will certainly enrich the program and ensure the highest scientific level.

On behalf of the Department of Urology we look forward to having you in Oporto.

Avelino Fraga, Luís Osório and Vítor Cavadas

MINIMALLY INVASIVE KIDNEY SURGERY

January 09-10, 2012

Hospital de Santo António, CHP

January 09, 2012

8:00 Registration
